

Affordable pricing and billing options

As part of our commitment to providing accessible testing, **most Renasight™ and Prospera™ patients have no out-of-pocket expenses.** In the rare situation where there may be a bill to the patient due to co-pay or co-insurance, we will inform the patient of our financial assistance programs.

We are committed to making testing as affordable as possible

Most government-insured patients aren't expected to have any out-of-pocket expenses.*

Natera is also proud to be an in-network provider with many national and regional healthcare plans, which often reduces the cost of testing.**
